Dear Interested Party,

The EPA is notifying you that the public comment period has been extended until June 19, 2017 for the Underground Injection Control (UIC) draft permits and proposed aquifer exemption for the Dewey-Burdock uranium recovery site located near Edgemont, South Dakota.

You are receiving this post card because you have mailed comments to the EPA related to these proposed actions and are now on the notification list for these EPA actions.

Sincerely,
Valois Shea

Dear Interested Party,

The EPA is notifying you that the public comment period has been extended until June 19, 2017 for the Underground Injection Control (UIC) draft permits and proposed aquifer exemption for the Dewey-Burdock uranium recovery site located near Edgemont, South Dakota.

You are receiving this post card because you have mailed comments to the EPA related to these proposed actions and are now on the notification list for these EPA actions.

Sincerely,
Valois Shea

Dear Interested Party,
